

Scroll - TH&VS Periodical

Re-printed from the TH&VS Quill, 1956-57

None of today's students know how long the *Scroll* has been published at TH&VS, recording the doings, wise and wacky, in word and picture, of the students of this school. In *Scroll* files was found one publication containing an editorial by Mr. Austin Jelbert, now Secretary of the Chamber of Commerce. The Editorial described a campaign by the schools of the Porcupine to buy enough War Savings Stamps to purchase a \$25,000 war plane! - for World War II, that is.

From year to year, *Scroll* tries for some improvement in production and variety in material. This year, the advisory teachers, Miss Cunningham and Mr. Fennell, have enlisted the help of Mr. Osborne and Miss Moss of the Commercial staff to take charge of the production (all typing, stencil work and mimeographing).

Scroll's original motto, "*Scroll Spirit is School Spirit*", is still its watchword. This year's staff is living up to it in all the occasions of routine duty and emergency problems. *Scroll* is one of the extracurricular activities providing opportunities for its staff to learn to cooperate happily.

Although *Scroll* gets along without the benefit of advertising, credit is gratefully accorded to the Timmins Daily Press for their generosity in allowing us to use their plates of school interest for our pictorial section.

Darryl Lane
Editor of the Scroll

1955-1956 Graduate in the Quill, Program convener for the Hi-Y, a major in the Cadets. University is his goal.
