

## Student Memories of Edward Day

## TH&VS graduate 1949

### Position most recently held:

Manager Engineering & Technical Services CJM

My parents arrived in Timmins as singles in the early 1920's.  
They met, married and I arrived in 1929.

I was raised in Timmins, attending first Central School, then Timmins High, graduating in 1949. I went on to attend the Haileybury School of Mines, graduating in 1952.

In 1955 I married my high school "girl friend", Janice Staveley, in Sudbury. We now have three daughters and five grandchildren.

My entire career of 40 years was in the mining industry. In 1990, I retired to Southern Ontario.

It has been many years since I was a student at Timmins High, but there has always been that nostalgic attraction to return.
