

Two Illustrious TH&VS Graduates of 1933

The Porcupine Quill, 1934

"Our heartiest congratulations go out to these graduates of our school. We are very proud of their ability and may their efforts in the years to come be crowned with similar success."

W. W. Tanner, Principal

Miss Audrey Bourne

Winner in 1933 of the Williamson No. 2 Scholarship, valued at \$160, in French and German, from Queen's University and also in 1933 the winner of the Halperin Gold medal for having the highest standing among those graduating from our school.

Kingston, Ontario
February 20, 1934

Dear Friends:

Thanks to the staff of the Porcupine Quill, I have this opportunity of thanking the staff of our high school for the kind help given to me during my years there.

My year here at Queen's has been very happy in spite of the work. Although I have met many people, I still think of those in the "home town," and I am always glad to hear of any of their activities. I hope that this year has seen the success of all your enterprises and may this success continue in the years to come.

Yours truly,
Audrey Bourne

Note: Audrey returned to TH&VS for a long successful teaching career.

Miss Harriet Harkness

Winner in 1932 of the Knights of Columbus Scholarship of the value of \$400, in 1933 of the Robert Simpson Co. Scholarship of \$150, \$100 for coming highest among these entering Toronto University from Timmins High school and an additional \$50 for coming highest among those entering Toronto University from the schools on the T. and N. O. Railway and Sudbury.

Toronto, Ontario
February 27, 1934

Dear Undergraduates of the T.H. and V. S.:

Being now a graduate of that fair institute, the Timmins High School, I have been instructed to don my tortoise-rimmed spectacles and my thinking cap and write a bit for the good old school magazine, The Porcupine Quill.

I realize that this is its first appearance for some years and sincerely congratulate you on your energy and ambition in compiling it.

So all of us graduates of the Timmins High School now here at Varsity, remembering with pleasure those far-off days spent in chewing gum and gazing at the Mattagami River, extend to you, who have not yet graduated, heartiest wishes for your success in examination, in dramatics, or in any sport in which you may participate.

Sincerely yours,
Harriet Harkness
